

Building Food Security and Community Connections

Our Vision: A Vibrant Market, A Social Service Hub

For over 30 years, the Vashon Food Bank has played a critical role as part of the island's social safety net, serving nearly **15% of the island** on an annual basis, in spite of a location and dilapidated facilities that create barriers to access, dignity and safety.

After years of searching, we have secured a new location at 17928 Vashon Highway to build a food bank and social-service hub.

At our new home, people will find...

NUTRITIOUS FOOD - Shoppers will choose from a bountiful array of food and household essentials with multiple service options; in-person grocery shopping, order for pick-up and/or home delivery.

SUPPORTING RESOURCES – With space dedicated to collaboration among social service providers, people will find help connecting to a diverse array supporting resources that help them thrive.

DIGNITY & COMMUNITY - Islanders from all walks of life will be able to meet in a safe and supportive environment to strengthen the island's social safety net and build community resilience.
